CAREER OBJECTIVE

As a computer science undergraduate with strong Programming skills and a passion for web development, I am eager to start my career in the software industry. I have experience developing dynamic web applications and have recently learned React.js, which has equipped me to build modern, interactive user interfaces and enhance the user experience in software projects.

EDUCATION

- **KL UNIVERSITY, VIJAYAWADA**   2022 - 2025
  B.Tech in Computer Science Engineering   CGPA: 9.5
- **BAPATLA POLYTECHNIC COLLEGE, BAPATLA**   2019 - 2022
  State Board of Technical Education And Training in EEE   CGPA: 8.98
- **BHASHYAM HIGH SCHOOL, REPALLE**   2018 - 2019
  State Board of Secondary Education, Andhra Pradesh   GPA: 9.3

EXPERIENCE

- Web Development Internship | Oasis InfoByte
  – During my web development internship, I gained a solid foundation in HTML, CSS, and JavaScript, developing interactive and responsive websites. I honed my skills in version control utilizing GitHub and advanced my front-end development abilities through practical experience with React.js
- Salesforce Developer Internship | SmartInternz
  – Gained hands-on experience in developing custom solutions on the Salesforce platform. Achievements include active participation in code reviews, expertise in Salesforce fundamentals, and earning Super Badges.

PROJECTS

- Restaurant Web App - (Flavors of India) 🔗
  – Tools & technologies used: Visual Studio Code, CockroachDB, SheetDB, React.js, Node.js, JSX, CSS
  – Developed a web application for an Indian restaurant, enabling users to browse the menu, make reservations, and place pickup orders. Built with a responsive React.js frontend and a Node.js backend, the app efficiently handles user data, order processing, and customer information storage.
- Online Voting System 🔗
  – Tools & technologies used: Spring Tool Suite, MySQL, Java, HTML, CSS, JavaScript
  – Developed an Online Voting System emphasizing robust backend functionality and secure data management. This system ensures a reliable voting experience, allowing voters to conveniently cast their votes from remote locations.

SKILLS

Programming Languages: Java, Python, SQL, HTML + CSS, JavaScript, Basics in C++, C

Frameworks: Django, React, Git Bash

Developer Tools: Visual Studio Code, PyCharm

Data Analysis and Visualization Tools: Tableau, PowerBI, Microsoft Excel

Coursework: Data Structures and Algorithms, Operating Systems, Object-Oriented Programming, DBMS

CERTIFICATIONS

- GitHub Foundations 🔗
- Microsoft Azure(AZ - 900) 🔗
- Wipro Talent Next Java Full Stack

ONLINE CODING PLATFORM PROFILES

- LeetCode 🔗
- CodeChef 🔗
- GeeksForGeeks 🔗

ACHIEVEMENTS

- 3 - Star in Codechef (Maximum Rating: 1668).
- Earned a 200-days badge on LeetCode for continuous coding practice and problem-solving.
- Participated in the Coursevita Hackathon, showcasing innovation, teamwork and creativity.

DECLARATION

I hereby declare that all of the information shown above is correct to the best of my knowledge, and I accept full responsibility for its accuracy.
